

Bold Moves... Future Needs Committee

Dear Brothers and Sisters in Christ,

You've probably heard of the "**BOLD**" Moves at Concordia and you'll most certainly hear more in the weeks and months as our Congregation approaches its 50th Anniversary. Very basically "**BOLD**" translates to **Believe Our Lord Desires**. As part of this initiative, the Church Council has charged the Future Needs Committee (FNC) with determining three things that we, as a congregation, believe our Lord wants us to accomplish in our fiftieth year. This committee, comprised of Katy Roy-Rosar, Justin Randermann, Heather Finder, John Finder, Dick Lasch and Murray Scheibe, has been working since September 2016 on identifying and qualifying three specific BOLD Moves.

As of the November 2016 Voters Meeting, the FNC had identified two of three **BOLD** Moves. The two identified Moves were presented and reviewed during the November 2016 Voters Meeting. Each is summarized below:

BOLD Move 1 - Staffing: Creation of a full-time Director of Administration and Student Ministry. The FNC fully supported this action.

BOLD Move 2 - Campus Facilities Expansion: Initiate a building program that includes both a new multi-purpose structure and renovation of current office and fellowship areas.

Since the November Meeting, the FNC has come to consensus on the third **BOLD** Move:

BOLD Move 3 - Outreach: Increase our Congregation's collective awareness, intention and support of outreach opportunities. Seek to identify specific outreach initiatives for each active board. Develop and execute one and three year outreach plans.

So here's where we need your prayerful input and assistance:

1. First and most importantly... Let's walk together in prayer to determine God's plan for Concordia
2. Help shape Concordia for the future. Contact Murray Scheibe (FNC Chair) or any of the FNC members listed above with your ideas of the direction and purpose of Concordia
3. Pray for faith and discernment as our church moves forward with our **BOLD** Moves

Thank You,

Murray Scheibe
FNC Chair
